

APPLICATIONS CLOSED

CXS partner universities offer undergraduate, postgraduate and doctoral programmes in the areas of physics, chemistry and biology.

Scholarships are available in each of our research areas and at all levels of study. CXS also provides vacation, top-up and travel scholarships.

CXS programs are available at a number of Australia's top ranking, research-leading universities, including the University of Melbourne, La Trobe University, Swinburne University of Technology, Griffith University, and Monash University, as well as at the CSIRO.

Each CXS partner university offers excellent facilities – learning spaces, libraries, online access, academic and personal support, cafes, galleries, theatres, banks, bookshops, clubs and societies, sporting facilities and more are at your fingertips.

Our CXS supervisors are experts in their fields and have outstanding professional, vocational and senior research experience; many holding prestigious honours and awards to their names.

How do I apply for a CXS scholarship Project ?

You can apply for any of our scholarships at any time by completing the relevant application form.

Further details on our range of scholarships are also included on our website, or you can contact Tania Smith via email tnsmith@ph.unimelb.edu.au or on +613 8344 5444.
