### **The following is a list of CXS visitor categories:**

The CXS Director, Deputy Director or Chief of Operations is responsible for authorising approval of individuals into the different categories; initial decisions to be taken by the Program Group Leaders.

All non-staff personnel will be informed of their responsibilities at the beginning of their association with CXS.

#### **Honorary Research Fellows**

Retired employees from any associated CXS node completing or continuing work on projects of merit. These activities must be in line with the goals of CXS.

#### **Visiting Scientists**

Scientifically qualified staff from other Australian or overseas universities and research institutes spending time working with CXS on a research program of mutual benefit and interest to both the visitor and CXS. [Click here to view the previous visiting scientist](#) .

#### **Associates**

Scientific Associates: Researchers with some formal scientific qualifications. Scope is provided for them to work on their own projects (subject to negotiation) provided these are of mutual benefit and interest to both the associate and CXS.

Associates: Persons for whom formal qualifications are not necessary but who are accorded this status based on valuable practical experience. Scope is provided for them to work on their own projects (subject to negotiation) provided there is a notable benefit to CXS.

#### **Students**

CXS: Honours, Masters, PhD or Summer Research students appointed through a personnel/enrolment system of a CXS node.
